

Alkann - Smashed , CG Hero. - stars BAWE

intense monologue - - reflecting after/before
self reflection - using lots of questions -

Why me? just when everything was going fine. just
when I was going to have the whole summer for my
paper. why now? what if something jiggled the wrong
way? what's the "right way" anyways? Outside of
TVA movies, there is no context in which the
verb jiggle/makes sense.

+ jello commercials - which oddly
~~are~~ both about watching it jiggle -
sing

So most definitely jiggle + brains do not go
together. What if I'm not me anymore? I live
in my head, my imagination, my daydreams,
my knowledge, my work - what if I can't work?
What the hell good am I without my brains -
my whole self is in there somewhere - memory,
reason - thought - language - creativity. All
she was alright that BAWE they'll say, until
she got her brains jiggled - technical medical
terminology -

Get it together woman - what it's aren't helping here -
plus just the fact that you're thinking means
~~some~~ synopses are pining - Hope, Flickering -
Dike, a can. PP. - by a whisper
it is
